Re: MUTCD Approval

Mr. Kevin Keith, Director  
Missouri Department of Transportation  
Jefferson City, Missouri 65102

Dear Mr. Keith:

The 2009 Edition of the Manual on Uniform Traffic Control Devices (MUTCD) was published on December 16, 2009. The adopted changes were effective as of January 15, 2010. 23 CFR provides the States with a 2-year period from the effective date to adopt the MUTCD. By January 15, 2012, States are required to adopt the National Manual or have a State MUTCD/supplement that is in substantial conformance with the National Manual. The role of Division Offices is to review and approve Missouri MUTCD or supplement for assurance that is in substantial conformance with the National MUTCD as prescribe by 23CFR 655.603(b).

We have completed our review of the Missouri version of the Manual of Uniform Traffic Control Device (MUTCD). Based upon this review and subsequent communications with MoDOT's Traffic & Highway Safety Division, we have concluded that Missouri's version of the MUTCD is in substantial compliance with the National MUTCD.

If you have any questions, please feel free to contact me or Marc Thornsberry at (573) 636-7104.

Sincerely yours,

Edgardo Cordero P.E.  
Assistant Division Administrator

cc: Don Hillis, MoDOT
