Having submitted this request, we hereby state that we have read and understand the applicable specifications of the 2011 specification book, including the applicable updated revisions, for sections 106.1, 106.4, 106.5, 106.9, 1040, 1043, and 1044. We understand that requesting inclusion explicitly expresses this company's commitment to adhere to the specifications for the material. We also understand that upon inclusion the material may be removed for such reasons as failure of material to meet specification requirements, falsification of any documentation, unsatisfactory performance on projects, or other indications of lack of consistent material quality and suitability.

We understand that we are obligated to control the quality of all material shipped to MoDOT projects, or to contractors or suppliers which will subsequently deliver the material for MoDOT work, such that all materials furnished meet all appropriate specifications. We understand that MoDOT may sample the material at any time and at any location for the purpose of verification. We understand that failure of our product to meet specifications or our failure to comply with MoDOT's requirements regarding procedure or documentation may result in removal of the material and removal from the program. We further understand that any misrepresentation of data supplied to verify specification compliance may be considered fraud.

We understand that prior notification of intent to ship materials must be communicated using the *Section 1040, 1043, and 1044 Shipping Report Form* and the invoices accompanying shipped material will include the MoDOT assigned shipping number. Inspection prior to shipping by MoDOT will not be required.

We hereby request inclusion of the designated products for the following sections:

Specification Section	Brief Product Description
1040	Guardrail and Cable Material
1043	Fence Material
1044	Posts for Markers and Delineators

Note: Attach additional sheets if necessary.
