We are attaching duplicate copies of estimates of the cost of moving our personal property, as necessitated by the acquisition of right						
of way by your department for the above highway project.						
(If only part of the total personal property to be moved is covered by this agreement, see attached sheet for inventory of items involved.)						
As you will note, the lowest estimate is \$ Please advise us whether or not you agree this amount will be acceptable as our moving cost payment provided there is no significant reduction in the personal property listed in our post-move inventory of items actually moved as compared to the pre-move inventory on which the above estimate was based.						
If there is a significant reduction in the personal property listed in our post-move inventory, as compared to our pre-move inventory, we understand this agreement will be voided and our payment will be based on a negotiated amount which cannot exceed the charge that would have been made by a commercial moving company for conducting our actual move.						
It is also our understanding any reasonable (documented) incidental moving costs, which are available for reimbursement under the Missouri Department of Transportation's Relocation Program will be paid to us in addition to the above amount.						
We further understand we must provide your office at least five working days' advance written notice prior to commencing our move unless this requirement is specifically waived in the department's acknowledgements on the bottom of this agreement.						
We also understand our payment will be prorated and reduced, if we move more than 50 miles, to the cost that would have been applicable to a 50-mile distance.
