

U-Channel Post Selection Table

Sign Size sqft	U-Channel 3 lb / ft
≤ 10	1
> 10 and ≤ 24	2
> 24 and ≤ 30	3

Notes:

- Signs 4 feet wide or wider require 2 posts.
- See Standard Plans 903.03 for post installation details

Use of table

- Determine Sign Height and Width
- Calculate Sign Area = Sign Height X Sign Width
- Identify the correct row under the Sign Size sqft column the calculated Sign Area falls within
- Identify the available post options in that row
